Madam:

In a telephone interview on October 29, 2003 between Applicants' representative, Dr. Maha Hamdan, and Examiner Holleran, the pending claims were discussed. The Examiner proposed an Examiner's amendment to place the claims in condition for allowance, namely:

1. Cancelling item (d) of Claim 12;
2. Cancelling Claims 50 and 54; and
3. Cancelling the term "average" from Claim 15.

Agreement was reached with respect to these amendments,

This amendment was made notwithstanding Applicants' belief that the unamended claims should have been allowable, without acquiescing to any of the Examiner's arguments, and without waiving the right to prosecute the unamended (or similar) claims in another application, but rather for the purpose of furthering Applicants' business goals and expediting the patent application process in a manner consistent with the PTO's Patent Business Goals (PBG).¹

The Examiner stated that the claims are now in condition for allowance. In reliance on the Examiner's statements, Applicants will not file any continuing applications, request for continued examination (RCE), or notice of appeal in order to maintain pendency of prosecution. Applicants await a Notice of Allowance in due course.
